KPDES Application

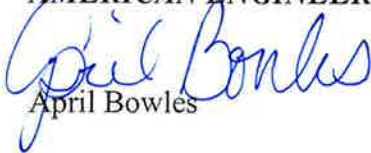

Dear Mr. Shane:

Regarding your comments from the previous review letter from November 19, 2008:

1. The Brownsville, Kentucky USGS topographic map is enclosed.
2. Due to lack of precipitation there is inadequate flow to perform the requested tests. During the months of May and June (rainy season) samples will be taken and the tests will be performed. The results will be submitted to the KDOW.

If you should need anything further please feel free to contact me at 270.651.7220.

Respectfully,
AMERICAN ENGINEERS, INC.

April Bowles
